

## South Warwickshire Local Plan - Estimation of emissions for proposed growth options and new settlements

### Erratum – 6<sup>th</sup> February 2023

*The names of new settlements in Chapter 4, and summarised in Table 8, were originally based on earlier work in progress. The correct names to be referred to are set out below in Table Add.1. This does not have an impact on the assessment included in this report. Also note that there is no significance to the order of the settlements in Table 8.*

*Table Add.1 – Updated New Settlement Names*

Original Location Name	Updated Location Name	New Settlement Reference
Henley-in-Arden	Tanworth-in-Arden / Wood End	A1
Hatton Station	No change	B1
Kingswood	No change	C1
Long Marston Airfield / Meon Vale	Long Marston Airfield	E1
Wood End	Land West of Ufton	F1
Depper's Bridge	No change	F2
GLH Gaydon / Lighthorne Heath	Land North East of Knightcote	F3

*The exact number and position of new settlements within each spatial growth option are purely indicative. Alternatives might also be appropriate, that could fall within a particular spatial growth option. This assessment was provided for comparison purposes at this stage of the Local Plan.*
